PRICES TO REMEMBER.

What the Consumer Had to Pay for Life's Necessities During 1919.

The general range of prices for everything you had to buy during the year 1919 was some higher than in 1918, and in most cases were higher than in the immediate period following the Civil War, and while these prices were high, it did not seem to bother the fellow who had to buy, for as a general rule he received correspondingly high prices for what he had to sell.

The total receipts of hogs at St. Joseph during 1919 was 2,125,023 head; total valuation \$84,430,523. The top price was \$25.40 on July 31, and the low was \$12.55 in October.

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 998 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I could cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.
